

Konstantinos E. Kakosimos, PhD

Associate Professor | Chemical Engineering

Aristotle University of Thessaloniki, Greece

o: +30 2310 9 96169 m: +30 6977 522 577 e: kkakosimos@auth.gr

Adjunct Professor | Texas A&M University at Qatar

e: k.kakosimos@qatar.tamu.edu

EDUCATION

- 10/1997 – 06/2002 : Diploma of Chemical Engineer; Aristotle University of Thessaloniki, Greece
11/2002 – 02/2009 : Doctorate on Chemical Engineering; Aristotle University of Thessaloniki, Greece.

WORKING EXPERIENCE

- 2024.08 – : Associate Professor, Chemical Engineering, Aristotle University of Thessaloniki, Greece
2012.12 – : Professor, Chemical Engineering Program, Texas A&M University at Qatar
(Assistant Prof 2012, 2018 Associate Professor, 2024 Professor, 2025 Adjunct)
2024.08 – 2025.02 : Associate Dean for Research & Graduate Studies, Texas A&M University at Qatar
2024.08 – 2025.03 : Interim Program Chair, Chemical Engineering, Texas A&M University at Qatar
2023.07-2024.07 : Associate Dean for Graduate Studies, Texas A&M University at Qatar
2021 - 2022 : Principal Researcher, Centre for Research and Technology Hellas, Greece
2010-2012 : Consultant and Design Engineer – Project Manager (HYETOS GP, Greece)
2002-2009 : Research Assistant/Associate (Aristotle University of Thessaloniki, Greece)
2002 - : Chartered Chemical Engineer (Greece)
2001-2002 : Software developer (in research projects)

INDICATIVE HIGHLIGHTS (SINCE 2013)

- | | | | |
|---|------------|--|--------------------|
| Books / Chapters / Patent appl. | : 3 /2/3 | Projects Qatar Foundation/Industry/Other | : 20/9/12 |
| Peer reviewed papers / conferences | : 69 /131 | TOTAL Budget / Own | : > \$14M / \$6.3M |
| Google Scholar Citations / h-index | : 3248/ 29 | Students Achieved BSc/MSc/PhD | : 42/22/4 |
| Dean's Achievement Award (2023) | | IChemE Hutchison Medal (2015) | |
| Chair, National Air Quality Standards Com. (2018) | | Taskforce, National Health Strategy Plan (2018-2021) | |

ACADEMIC HONORS & AWARDS

- 2023 : Dean's Achievement Award, Texas A&M University at Qatar
2020-2022 : Dean's Fellow for Multiversity
2019 : Faculty Excellence Award, Texas A&M University at Qatar
- : First Place in the 3D Visualization Competition of the 3D Challenge 2018, TAMUQ
2017 : Research Excellence Award for Early Career Faculty, Texas A&M University at Qatar
2016 : Research Laboratory Safety Award, Texas A&M University at Qatar
- : Texas A&M Engineering Experiment Station Genesis Award (Team Leader Dr N. Elbashir)
2015 : Hutchison Medal, IChemE, UK
2013 : Winning Project in the 1st Teaching Innovation with Technology Competition, TAMUQ
2009 : PostDoc Honorable distinction by the Research Committee of Aristotle University
2008 : PhD Honorable distinction by the Research Committee of Aristotle University
2006 : Marie Curie Assistantship– Training Course EUA4X as young Researcher
2001-2002 : Honorable distinction by the Technical Chamber of Greece (1st in the Department)
1997-1998 : Honorable distinction by the National Foundation of Scholarships

LANGUAGES

- Greek : Fluently, Mother Tongue
English : Certificate of Proficiency in English, The University of Michigan (2001), CEF level: C2
Italian : Diploma di Lingua Italiano, Istituto Italiano (2000), CEF level: B1
German : Zertifikat auf Deutsch als fremde Sprache, Goethe Institute (1997), CEF level: B1

RECOMMENDATIONS

- Patrick Linke : Professor, Executive Associate Dean, Texas A&M University; patrick.linke@qatar.tamu.edu
Arun Srinivasa : Professor, Assoc Dean Student Success, Texas A&M University, US; e: asrinivasa@tamu.edu
Prashant Kumar : Professor, University of Surrey, UK; p.kumar@surrey.ac.uk
Demetrios Melas : Professor, Aristotle University of Thessaloniki, Greece; e: melas@auth.gr

SKILLS AND COMPETENCES

Work Experience, Studies and Research	: • Modelling of Transport and Reacting Phenomena with Physical & Computational tools • Environmental Fluid Mechanics, especially on Air Quality • Development, use and application of integral and numerical atmospheric dispersion models and of air quality monitoring apparatus • Solar photo- and thermo- chemical processes • Risk assessment and hazard identification of industrial activities • Process design of Water & Wastewater Treatment Facilities • Energy efficient design of buildings with advanced computational models • Development of Thermophysical properties sensors
Information Technology	: • Development of advanced and complex algorithms • Advanced knowledge of programming • Expert Command of Software concerning CAD, CFD, Multimedia, WebDesign etc.
Administration/ Organization	: • Research projects funded by national, European, international, and private institutions • Participation in the administration boards of associations • Member of working groups and organization committees
Education	: • Teaching of undergraduate and post-graduate courses and training seminars • Supervision of undergraduate and graduate thesis and PhD thesis • Research on new educational methods and technology tools

DETAILED DESCRIPTION OF SKILLS AND COMPETENCES

RECENT & INDICATIVE PROJECTS (SINCE 2013; -GOVERNMENT, -INDUSTRY, -INTERNAL)

	Resilience Assessment and Enhancement for Food Supply Chains in the Face of Extreme Airborne Events; 2024 Qatar National Research Fund Food Security, 2 years, \$399,449, LPI: KE. Kakosimos , coPI: O Bouhali (TAMUQ), M. AlSheyab (QCoC), M. Al-Kuwari & M Al-Hiji (MoECC)
	Renewable Energy-Powered Eco-Innovations in Essential Oil Extraction and Waste Valorization; 2024 Qatar National Research Fund UREP, 1 year (in progress), \$30,000 [own budget: \$15,000]; LPI: KE. Kakosimos co-PI: M.Al-Hashimi, D.Al-Mohannadi, and 6 undergraduate students
	Coke Characterization for acetylene production via the carbide calcium looping; 2023 Qatar Shell Research & Technology Center, 1 year (in progress), \$200,000; single PI: KE. Kakosimos
	Assessment of Nuisances by Airborne Emissions from Qatargas Operations; 2023 Qatargas, 2 year (in progress), \$400,000 (50% cofunding by TAMUQ); single PI: KE. Kakosimos
	Study of the thermo-photophoretic phenomena under concentrated light; 2022 Qatar National Research Fund GSRA, 2 years, \$117,000, student Insha Shaikh, mentor: KE. Kakosimos
	High Temperature Industrial process heat from concentrated solar power; ExxonMobil Fellowship, 2 years, \$117,000, student Aysha Melhim, mentor: KE. Kakosimos
	Tailored prevention of coronaviruses' transmission via aerodynamic, behavioural, and network modelling in indoor and outdoor spaces; 2021 Qatar National Research Fund UREP, 1 year, \$30,000 [own budget: \$15,000]; LPI: KE. Kakosimos co-PI: M.Al-Hashimi, S. Abdulla, and 6 undergraduate students
	Energy education of the Future Forum; 2021 Qatar National Research Fund CWSP16, Conference Organization, Requestor: KE. Kakosimos , Partners: V. Pappa, St. Pistikopoulos
	Microscale To Macroscale Phenomena Of Bioaerosol Transport In Smart Greenhouses, 2021 TAMU-T3, 2 years, \$30,000, LPI: M.King, PIs: KE. Kakosimos ,
	Tailored prevention of coronaviruses' transmission via aerodynamic, behavioural, and network modelling in indoor and outdoor spaces, 2020 TAMUQ COVID Responsive Research Grants, competitive, 9 months, \$88,900, LPI: KE. Kakosimos
	Product[X] Challenge , TAMUQ Academic Affairs "Transformative Education Experience" 2020, \$15,000 [own \$5,000], LPIs: M. Al-Rawashdeh, PIs: D. Al-Mohannadi, KE. Kakosimos .
	Concentrating Photo Electro Catalytic Reactors for Solar Chemicals' Synthesis, TAMU Energy Institute 2020, 1 year, \$41,000, LPI: KE. Kakosimos , PI: S. Vaddiraju
	Continuous and Scalable Hybrid Photo-Electro Chemical Production of Renewable Hydrogen from Non-Potable Water Sources, Qatar National Research Fund NPRP12S, 4 years, \$980,000, LPI: D. Aurora (Shell), PI: KE. Kakosimos , D. Al-Mohannadi [own budget: \$440,000]
	Concentrating light technologies for the continuous synthesis of particle and deposition based functional materials with in-situ high temperature heating, Qatar National Research Fund NPRP12S, 2 years, \$398,000, LPI: KE. Kakosimos
	Indoor Air Quality and Building Ingress Control Technologies; Qatar National Research Fund HSREP, 2020, 9mon, \$5,000, mentor: KE. Kakosimos and two students

-  Hybrid Solar Powered High Performance Polymeric Materials for Photocatalytic Hydrogen Generation from Sea-water and Industrial Effluent Water Streams in Qatar; Qatar National Research Fund UREP, 1 year (in progress), \$30,000 [own budget: \$15,000]; LPI: M.Al-Hashimi, **co-PI: KE. Kakosimos**, and 6 undergraduate students
-  Extensive Socio-Health Risk of High-Probability & “Low”-Severity Chemical and Radiological Airborne Releases; Qatar National Research Fund GSRA, 2 years, \$96,000, student Ali Arshad, **mentor: KE. Kakosimos**
-  Air Pollution Cleanup-Based Water-Energy-Food Nexus Technology; Qatar National Research Fund, NPRP9: Joined the last year of the project and was assigned its closure years, \$693,707 LPI: Dong Su Khon (QU), **co-LPI: KE. Kakosimos**
-  Solar Energy Driven Hydrogen Generation from Seawater, TAMUQ¹ Seed Responsive Research Grants, competitive, 2019-2020, \$280,000
LPI: M.Al-Hashimi (CHEM) **co-PI: K.Kakosimos**, A.Abdel-Wahab (CHEN), A.Rahman (PETE), I.Hassan (MEEN)
-  Solar spectrum characterization, impact on human health and mitigation using innovative materials
Qatar National Research Fund UREP23-104-2-036, 2018, 1 year (to start), \$30,000
LPI: KE. Kakosimos co-PI: M.Al-Hashimi, E.Fthenou (Qatar BioBank), and 6 undergraduate students
-  Aggies Mixed Reality Academy for Students and Educators – Phase I
TAMUQ Academic Affairs “Transformative Education Experience” 2018, \$16,000
LPIs: K.Kakosimos, PIs: G.Salama (CHEN), A.Hodges (LAS), M.Kozusznik (CHEN-staff), A.Sheharyar (IT-RC).
-  Investigating and addressing photodegradation of conjugated polymers for solar applications
Qatar National Research Fund UREP22-024-1-002, 2018, 1 year (in progress), \$30,000 [own budget: \$15,000]
LPI: M.Al-Hashimi, **co-PI: KE. Kakosimos**, and 6 undergraduate students
-  Novel Concentrated-Light Aging Techniques for High-Temperature and Solar-Energy Materials; TAMUQ Responsive Research Grants, competitive; **LPI: K.E. Kakosimos**; PIs: M. Al-Hashimi, R Balog; 2018-2019, \$356,000
-  Advanced Design Methods for Gas Separation Membranes; TAMUQ Seed Responsive Research Grants, competitive; LPI: E Brothers, PIs **K.E. Kakosimos**; 2018-2019 , \$148,000
-  Improve Evacuation Activities & Understanding During an H2S Toxic Gas Release Event; Funded by the Industrial Consortium of the MKOPSC-Q, 2017-2020, \$324,000; Grad. Stud.: Shaikh Nawayd-Neil Adia, **LPI: K.E. Kakosimos**
-  Underwater Hydrocarbon Release Consequence Modelling; Funded by the Industrial Consortium of the MKOPSC-Q, 2017-2020, \$324,000; Graduate Student: Ali Moustafa, Wafa Imran, **LPI: K.E. Kakosimos**
-  Multidisciplinary Projects in Engineering Education
TAMUQ “Transformative Education Experience” 2018 (completed), \$40,000 [own budget: \$14,000]
PIs: Y Hamidi (MEEN, lead), A Shehab (ECEN), K.E. Kakosimos (CHEN) and A Rahman (PETE).
-  Redefine the Education Experience via Augmented Reality Tools EduART
TAMUQ Academic Affairs “Transformative Education Experience”
LPI: K.E. Kakosimos; PIs: Marcelo Castier, Ghada Salama; 2017 (completed), \$12,000
-  Assessment of the current state of air pollution and air quality management efforts with a view to informing the activities under National Development Strategy 2 and to realize the environmental sustainability vision for Qatar; The World Bank, 2016, (completed) 6 months; **LPI: Kakosimos K.**
-  Provision of Consultancy Services to Study Associations between Airborne Particulate Matter (PM2.5 & PM10) Pollution and Exhaled Breath Condensate (EBC) Biomarkers at Work Places
Ministry of Public Health, 2015, 2 months (completed); **LPI: Kakosimos K.**, \$22,000
-  Study the infiltration of toxic gases in non-process areas
Funded by the Industrial Consortium of the MKOPSC-Q 2014-2016, extended to 2017 (completed) [\$196,000]
Graduate Student: Atif Mohammed Ashraf, **LPI: K.E. Kakosimos**
-  Utilization of the Qatar Surface Carbonates for energy storage and CO2 capture
Office of Research and Graduate Studies “Support of Proof-of-Concept and Seed Projects”
LPI: K.E. Kakosimos, PIs: A.G. Konstandopoulos, Sr. Vadiraju, Gr. Matenoglou; 2015-2016, \$87,000
-  A Unique High Flux Solar Simulator for Innovative Research in Energy, Environment and Materials
Office of Research and Graduate Studies “Major Research Equipment”
LPI: K.E. Kakosimos, supported by multiple PIs from TAMUQ/TAMU; 2015-2017 (completed) - \$560,000
-  Research Methods and Experiences: A Special Topic Course For Promoting Undergraduate Research
Academic Affairs “Transformative Education Experience”
LPI: B. Guo, **PIs: K.E. Kakosimos**, S. El-Borgi, R. Sadr, R. Tafreshi; 2015-2016 - \$20,000 [own budget: \$4,000]
-  Cost Effective Concentrated Photovoltaic System with Thermal Energy Storage
Qatar National Research Fund PDRA 2-1105-14044, 2016, 2 years (completed), \$395,000
Mentor: K.E. Kakosimos, PD: J. Sarwar
-  Qatari Birth Cohort: Primary Prevention Program of Risk Factors for Reproductive Health, Pregnancy and Child Health- A “crossomics” study, Ministry of Public Health/ Qatar BioBank, 5 years (2019-)
LPI: M. Kogevinas; (many PIs) **Kakosimos K. is leading Work Package 3** [own budget \$1,100,000]

¹ TAMUQ: Texas A&M University at Qatar

-  Design of Novel Catalysts and Processes for CO₂ Conversion from Micro- to Macroscale
Qatar National Research Fund NPRP X - 100 - 2 - 024, 2015, 5 years
LPI: N. Elbashir, **PIs:** E. Weitz & P. Stair & T. Marks (Northwestern University), M. Atilhan (Qatar University), M. El-Halwagi (Texas A&M University), D. & **K.E. Kakosimos** (Texas A&M University at Qatar), H. Mamlouk & D. Cullulla Ferré (Total Research & Technology) [prorated own budget \$555,000]
-  Advanced emergency preparedness and response tools for airborne hazardous materials in urban environments, Qatar National Research Fund NPRP 7 - 674 - 2 - 252, 2015, 3 years, \$880,000; **LPI: KE. Kakosimos**, **PIs:** Sp Andronopoulos & A. Venetsanos (National Center for Scientific Research, Greece), I Kovalets (Ukrainian Center of Environmental and Water Projects), E. Fthenou (Supreme Council of Health, Qatar)
-  Emission models for fugitive particulate matter towards an online emission inventory for the Middle East Area
Qatar National Research Fund NPRP 7 - 649 - 2 - 241, 2015, 3 years, \$840,000; **LPI: KE. Kakosimos**, **PIs:** D. Melas (Aristotle University of Thessaloniki, Greece), P. Kumar (University of Surrey, UK), S Chellam (Un. of Houston)
-  Evaluate and improve airborne particulate matter passive samplers for personal exposure monitoring
Qatar National Research Fund UREP 15 - 001 - 2 - 001, 2014, 1 year (completed), \$20,000
LPI: KE. Kakosimos, **PI:** Abdullah Kadri (Qatar Mobility and Innovations Center, QSTP)
-  Solar Hybrid Hydrogen Production Cycle with In-situ Thermal Energy Storage
Qatar National Research Fund: NPRP 6 - 116-2-044, 2014, 3 years (completed), \$950,000
LPI: Prof Arun Srinivasa (TAMU), **co-LPI: KE. Kakosimos** **PI:** Dr Nazim Muradov (Florida Solar Energy Center)
-  Emission free co-production of carbon nanotubes and hydrogen via concentrated solar energy
Qatar National Research Fund: Joined the last year of the project and was assigned its closure years, \$1,050,000
LPI: Nesrin Ozalp (TAMUQ), **co-LPI: KE. Kakosimos**
-  Study for Process Wastewater Discharge and NO_x Emission Environmental Costs
Qatar Petrochemical Company, 2013
LPI: Prof Ahmed Abdel-Wahab (TAMUQ), **PI: KE. Kakosimos** [own budget \$18,000]
-  Evaluation, improvement and guidance for the use of local-scale emergency prediction and response tools for airborne hazards in built environments ; EU RTD:COST Action ES1006LPI: Prof. Bernd Leitl (University of Hamburg), **representative from Qatar: KE. Kakosimos**

WORKGROUPS & COMMITTEES

05/2023-	: Scientific Council Member, International Center for Heat and Mass Transfer (ICHMT)
02-08/2022	: Qatar Reorganization Committee TAMU, elected
02/2022-07/2023	: Engineering Graduate Council, TAMUQ, appointed
09/2022-07/2023	: Chair Principal Investigators Council, TAMUQ, elected
09/2021-08/2023	: Council of Principal Investigators TAMU, elected
02/2021-	: Path4U, Qatar Foundation Flagship Initiative, TAMUQ appointed representative
01/2021-	: Graduate Program Coordinator , CHEN-TAMUQ, appointed
01/2021-12/2022	: Graduate Mentoring Advisory Group, TAMU
11/2020-08/2022	: Faculty Advising Council, CHEN-TAMUQ, elected
09/2020-07/2023	: Undergraduate Council on Academic Affairs at TAMU, TAMUQ alternate
01/2020-08/2023	: Dean's Fellow for Multiversity at TAMUQ, appointed by the Dean
2020	: Field Appropriate Scientific Committee (Promotion & Tenure), TAMUQ
03/2019-06/2023	: Research Council at TAMUQ, member appointed by the Dean
2019, 2020	: Grievance Committees' Member, TAMUQ appointed
05/2018-12/2022	: Taskforce member on the National Health Strategy , Ministry of Public Health Qatar
10/2018-10/2019	: Chair of Safety Committee at CHEN, TAMUQ
2018-2019	: Learning Management System (LMS) Selection sub-committee, TAMU, appointed
11/2017-07/2018	: Chair , Subcommittee on National Ambient Air Quality Standards , Ministry of Environment Qatar
06/2015-10/2019	: Principal Investigators Council (Chair 2016-2018), CHEN-TAMUQ
11/2017-12/2020	: Graduate Program Committee, CHEN-TAMUQ
11/2013-06/2014	: Coordinator of the Services Subgroup for the 2014-18 Strategic Plan for CHEN-TAMUQ
11/2012 -10/2016	: Chair of the Publicity, Outreach and Communication committee of CHEN-TAMUQ
05/2013 - 11/2015	: Society of Environmental Toxicology and Chemistry – Arabian Gulf Branch, Secretary
09/2009-10/2012	: Vice Chairman of the Administration Board of the Hellenic Association of Chemical Engineers , Department of Central- and West-Northern Greece
12/2009-09/2010	: Founding Member and Vice-Chairman of the Postgraduate and PhD Students Society of the Chemical Engineering Dept, Aristotle University.
12/2007-09/2009	: Administration Board of the Hellenic Association of Chemical Engineers, Department of Central- and West-Northern Greece
01/2005-12/2006	: Coordinator of the Education Working Group of the Hellenic Association of Chemical Engineers, Department of Central- and West-Northern Greece.
08/2004	: Volunteer in Athens Olympic Games 2004, Spectator Services

ORGANIZATION OF CONFERENCES AND MEETINGS

2022, 2023	: Future of Women in Energy Scholars Program; US DoE, US Embassy Islamabad, US AID
2022	: Chair of the 4 th Solar Energy Systems, AIChE, Doha, Qatar
2021	: co-Chair of the Energy Education of the Future Forum, Doha, Qatar
2017, 2018	: Chair of the Texas A&M at Qatar Research Showcase
2014, 2015, 2016 & 2017, 2018, 2019	: Co-Chair of the Qatar Fertilizer Company-TAMUQ Conference (annual)
2011	: IATP Meeting, Thessaloniki 2011
2011	: 19th European Conference on Thermophysical Properties, Thessaloniki, Greece
2011 & 2005	: Panhellenic Scientific Conference in Chemical Engineering, Thessaloniki, Greece
2009	: "Particulate Matter Pollution in GTA", Technical Chamber of Greece, Northern Greece
2005	: IAWPS Meeting, Santorini Greece

TEACHING & MENTORING EXPERIENCE

Undergraduate Level:

2013 –2022	: Chemical Engineering Fluid Operations (Mandatory –CHEN 304 TAMUQ)
2018, 2020	: Seminar (Mandatory CHEN 481 TAMUQ)
2016 - 2017	: Numerical Analysis for Chemical Engineers (Mandatory CHEN 320 TAMUQ)
2016 –2018	: Bioprocess Engineering (Mandatory CHEN 382 TAMUQ)
2014	: Transport Processes in Petroleum Production (Mandatory PETE 314 TAMUQ)
----- before TAMUQ -----	
2010 - 2012	: Mass Transfer on Environmental Processes (Mandatory -CHEN AUTH)
2009-2010	: Technical Drawing with SolidWorks (Mandatory -CHEN AUTH)
2007-2010	: Risk Assessment (elective-CHEN AUTH)
2004 – 2007	: Environmental Laboratory II (elective-CHEN AUTH)
2002 – 2004	: Thermophysical Properties (elective-CHEN AUTH)
2002 – 2004	: Computer Applications in Chemical Engineering (Mandatory -CHEN AUTH)

Research Mentoring of 53 students at TAMUQ and three students visiting from non-Qatar universities for a period of at least a month (plus 23 students in AUTH before 2012)

TAMUQ	: Abdulaziz (2015), Al-Nadji (2016), Abdulla (2016), Elebiary (2017), De Abreu (2017), Shrouf (2017) Al-Haddad (2018), Lokesh (2018), Elsaid (2018) Al-Heidous (2019), AlSa'di (2018), Al-Ansari (2018), Al-Jaber (2019), Al-Khal (2019), Hassan (2019), Ali (2019), Hafeez (2019), Alhawa (2020), Roustazadeh (2020), Grati (2020), Abraham (2020), Al-Sheeb (2020), Kubbar (2020), Ghazali (2020), Hussain (2020), Kamil (2020), Helali (2020), Abousrafa (2021), Khan (2021), Al-Darwish (2021), Abbasi (2021), Mashhadi (2021), Al-Abdulghani (2021), Al-Kuwari (2021), Mazen (2021), AlBaker (2021), Al-Ansari (2021), Abdulgadir (2021), Al-Subaiei (2022), Youssef E (2022), Hemachandra (2023), ElSayed (2022), Abdulla Gh. (2023), Al-Heidous A. (2023), Tasneem N. (2023), Sayed Af. (2023), Affifi Om. (2023), Abdelrahman Gh, Khan N., Al-Maiki S, Shan W., Cassim A., Al-Thani H., Al-Ansari J., Abdelhalim W., Babikr A., Cruz Am., Gundru M., Henzab N., Al-Marri S., Gunanda J., Henzab N., Al-Rabbat M., Aljaidi S., Khalil Sh., Boughorbel A.
TAMU (summer)	: Haseler D. (2019), Douglas M. (2019), Collier Ch. (2019), Frohreich N. (2022), Pinilla-Silva D. (2022), Thomas J. (2023), Bird W. (2023), Prokhorov M. (2023), Kailing J. (2023)
Non-TAMUQ	: M.A. Abraham (2017, Queen Mary University of London UK; two summer terms 2015 & 2016), B. Akbar (2017, Lafayette College in PA, USA; one summer term 2015), T. Faiz (2018, Delhi Technological University, India; one summer term 2016),

Graduate Level:

2020-	: Advanced Transport Phenomena (Mandatory CHEN 629 TAMUQ)
2021-2022	: Renewable Abiotic Energy Resources & Conversion (Mandatory ICPE 632 TAMU)
2018-2020	: Special Topics in Solar Chemical Engineering (CHEN 689 and ICPE 689 TAMUQ/ TAMU)
2013-2017	: Quantitative Risk Analysis (CHEN 660 TAMUQ)
2013-2014, 2021-	: 2x Seminar (Mandatory CHEN 681 TAMUQ)
2013-2014, 2019	: Special Topics in Airborne Pollution Modeling and Control (CHEN 689 TAMUQ)
----- before TAMUQ -----	
2008-2009	: Computational Mechanics and Applications, at the interdepartmental course of "Processes of Advanced Materials Technology", AUTH

Advisor of 26 (23 graduated) MSc Students at TAMUQ, co-advisor of 2 (1 graduated) at QU², and 2 (all graduated) at AUTH:

TAMUQ (advisor)	: Taha (2014), Hassan (2015), Elkhaila (2016), Ashraf (2016), Abdulraheem (2016), Shazeed (2017), Soelem (2017), Abbas (2017), Naser (2018), Ali (2018), Shaikh (2018), Hamza (2022), Khalil (2020),
-----------------	--

² QU: Qatar University

Imran (2020), Srour (2020), Adia (2020), Fathima (2020), Jamaledin (2021), Ali (2021), Salih (2021), Kubbar (2022), Helali (2022), Arief H. (2022) Makki Sh., Melhim A, Shaikh I

QU (co-advisor) : Al-Naimi (2013), Ahmad (2017)

AUTH (co-advisor) : Plitsis (2010), Kouparanis (2010)

Doctorate Level (co-advisor; TAMUQ does not have a local PhD program):		[time in Qatar / contribution]
2013-2016	: Thor-Björn Ottosen, University of South Denmark, Denmark	[70%]
2016-2018	: Jibran Khan, University of Aarhus, Denmark	[33%]
2014-2019	: Arsenis Hadjimihailides, Aristotle University of Thessaloniki, Greece	[90%]
2015-2020	: Hala Hassan, University of Surrey, UK	[90%]
2019-2023	: Badreldin, Ahmed, Texas A&M University, committee	[10%]
2020-	: Srour, Ola Texas A&M University, co-chair	[80%]
2020-	: Abousrafa, Aya Texas A&M University, committee	[10%]
2022-	: Helali, Malek Texas A&M University, committee	[10%]
2023-	: Abbas, Ahmed Texas A&M University, chair	[80%]

Post Doctorate Level:

2024- : Dr Amer Hakki

2013-2015 : Dr Vasilik Tsiouri (independent researcher)

2013-2017 : Dr. Jaward Sarwar (Faculty, University of Engineering and Technology, Lahore, Pakistan)

2016-2019 : Dr. Christos Argyropoulos (Senior Research Fellow, CERIDES Cyprus)

2018-2022 : Dr. Tayseir Mohammed (independent researcher)

Continuing Education Courses & Other:

06/2022, 06/2023 : Women in Energy Scholars Program (Technical Program Director, Instructor; USAID, DoE, DoS)

03/2022 : PRODUCT X: Innovating for Future Economies Bootcamp (coOrganizer, Education City)

2014-2015 : Principles and Practice of Quantitative Risk Assessment (co-instructor; 2days; MKOPSC-Q³)

2014 : Write an effective Process Safety Analysis (co-instructor; 1day; MKOPSC-Q)

2017, 2022 : Air Quality Modelling Tools for Environmental and Consequences Analysis (organizer/instructor; 2day; TAMUQ)

2017 : Sustainable Solar Photovoltaics- A Road Map from Materials to Grid Connection (co-instructor; 1day; TAMUQ)

2018 : Introduction to Engineering Program Hamad International Airport, (co-instructor; 5days; TAMUQ)

2020 : Mixed Reality Development, Centre for Teaching and Learning, Ministry of Telecommunication, (organizer/ instructor 2daysl TAMUQ)

EDITORIAL OF INTERNATIONAL JOURNALS

- Journal of Environment and Pollution, Canadian Center of Science and Education, Editorial Board (2016-2021)
- Nature Scientific Reports, Editorial Board (2018-2023)
- Frontiers in Sustainable Cities, Associate Editor in Climate Change and Cities (2021-)

REVIEWER OF INTERNATIONAL JOURNALS

• Air Quality, Atmosphere and Health, Springer • Applied Energy, Elsevier • Applied Mathematical Modelling, Elsevier • Atmosphere, MDPI • Atmospheric Environment • Atmospheric Pollution Research, Elsevier • Atmospheric Research • Building and Environment, Springer • Building Simulations, Springer • Ceramics International • Chemical Engineering Education, IChemE/ Elsevier • Chemical Engineering Journal • Clean Technologies and Environmental Policy • Emission Control Science and Technology, Springer • Energy and Fuels • Environment and Pollution, Canadian Center of Science and Education • Environmental Pollution • Environmental Research • Environmental Science & Technology • Environmental Science and Pollution Research • Environmental Technology • Environmental Technology, Taylor & Francis • Fuel, Elsevier • International Journal for Hydrogen Production • International Journal of Energy Research, Willey • International Journal of Environment and Pollution • International Journal of Environmental Analytical Chemistry, Taylor & Francis • International Journal of Exergy • International Journal of Hydrogen Energy, Elsevier • International Review of Chemical Engineering, Praise Worthy Prize • Journal of Computational Science • Journal of Environmental Chemical Engineering, Elsevier • Journal of Hazardous Materials, Elsevier • Journal of Loss Prevention in the Process Industries, Elsevier • Journal of Nanomaterials, Hindawi • Journal of the Air & Waste Management Association, Taylor & Francis • MRS Advances • MRS Communications, Cambridge • Particuology • Process Safety and Environmental Protection, Elsevier • Plos One, Heber • Science of the Total Environment, Elsevier • Society for Mining, Metallurgy, and Exploration • Solar Energy, Elsevier • Sustainable Cities and Society, Elsevier • Structural Engineering and Mechanics, Techno Press • Sustainable Energy & Fuels, Royal Society of Chemistry • Transportation Research • Thermal Science, Vinca Inst Nuclear Sci • Urban Climate

³ MKOPSC-Q: Mary Kay 'O Connor Process Safety Center- Qatar

REVIEWER FOR FUNDING AUTHORITIES AND STATE AGENCIES

- Ministry of Municipalities and Environment, Qatar
- Qatar National Research Fund, Challenge 22, Qatar
- University Coalition for Fossil Energy Research, United States
- Post-Doctoral Research Assistantships, National Institute of Scholarships, Greece
- FONDECYT National Projects Competition, National Fund for Scientific and Technological Development Chile

VISITING RESEARCHER TO

- Florida Solar Energy Centre, University of Central Florida, US; Contact Person Dr. N. Muradov, Dr A. T-Raisi (director)
- TOTAL Summer Energy Workshop, 2016
- National Environmental Research Institute, University of Aarhus (NERI DMU), Denmark; Contact Person Prof. Ol. Hertel, PhD M. Ketzel
- Bocazici University, Turkey; International Cultural and Academic Meeting of Engineering Students
- EU Energy Efficiency Centre (EEC), Albania ; Contact Person Head of EEC, Prof. Edmond Hido
- Istituto per le Applicazioni del Calcolo Consiglio Nazionale delle Ricerche (CNR-IAC), Italy ; Contact Prof. Spitaleri
- National Properties Laboratory (NPL), UK ; Contact Person Prof. B. Wakeham, PhD P. Quested

TECHNOLOGY & INTELLECTUAL PROPERTY

PUBLICATIONS

(with ► are marked works lead-by supervised under- and graduate students and in bold own research group)

Theses:

- Doctorate Thesis (with honors),
"Simulation of the dispersion of toxic gases in residential areas", Chemical Engineering Dept., Aristotle University, public defense March 2009.
- Engineering Diploma Thesis (Grade 10/10),
"Estimation of the Atmospheric Dispersion from Stacks", Chemical Engineering Dept, Aristotle University in Collaboration with Hellenic Petroleum S.A (Thessaloniki) 2002 .
- Last year's undergraduate project (grade 10/10),
"Feasibility and Technical Study on the Production of Fertilizers", Chemical Engineering Dept, Aristotle University, 2001-2002.

Books/ Book Chapters:

- M.J. Assael and K.E. Kakosimos "Risk Assessment: A Handbook on the Calculation of Fires, Explosions and Toxic Gas Dispersions", Tziolas 2007 (in Greek).
- M.J. Assael and K.E. Kakosimos "Fires, Explosions and Toxic Gas Dispersions: A Calculation and Risk Analysis Handbook", CRC Press 2010.
- after TAMUQ -----
- M.J. Assael, K.E. Kakosimos, K.D. Antoniadis and K.P. Panagiotopoulos: Mass Transfer in Environmental Processes, Tziolas Editions, 2013 (in Greek)

Invited Lectures and Seminars:

- Developing a research culture in Qatar: Structure, Examples and Challenges, K.E. Kakosimos, Department of Environmental Science, Aarhus University, Denmark, 21 March 2014
- Air Quality Modelling and Monitoring, K.E. Kakosimos, Qatar University, Qatar, March 2014
- Solar Chemical Engineering for Renewable Resource Utilization & Polygeneration: Challenges and Prospects, K.E. Kakosimos, Qatar University, Qatar, 06 April 2016
- Kakosimos K.E., "Solar Chemical Engineering for Renewable Resource Utilization & Polygeneration", Proc. Recent Advances in Renewable Energy Technologies, Doha, Qatar, 3 April 2017.
- Air Quality Modelling and Monitoring, K.E. Kakosimos, Ministry of Municipalities and the Environment, Qatar, 2017
- Kakosimos K.E., "Educational Augmented Reality Tools for the Enhancement of the Teaching and Learning Experience", Qatar Foundation Teaching Week, Doha, Qatar, 7 March 2018. – Representing TAMUQ
- Kakosimos K.E., "Contribution of Fugitive Particulate Matter to Airborne Pollution in Arid Areas", TSI Seminar at Qatar University, Doha, Qatar, 23 September 2018
- Kakosimos K.E., "The Burden of Locally Produced Fugitive and Airborne Particulate Matter", Al Maerifa Series, Texas A&M University at Qatar, May 2020
- Kakosimos K.E., "The Burden of Locally Produced Fugitive and Airborne Particulate Matter", Research Outcomes Seminar, Qatar National Research Fund, November 2020
- Kakosimos K.E., "Solar Hybrid Hydrogen Production Cycle with In-situ Thermal Energy Storage", Research Outcomes Seminar, Qatar National Research Fund, May 2021
- Air Quality Modelling and Monitoring, K.E. Kakosimos, Qatar University, Qatar, September 2021
- Kakosimos K.E., "Concentrated Sunlight Driven Technologies for Synthesis and Characterization of Materials and Fuels", American Chemical Society, September 2021
- Kakosimos K.E., "The Burden of Locally Produced Fugitive Particulate Matter in Urban Arid Environments", Air Quality Monitoring and Forecasting – KASTOM workshop, Thessaloniki, 23 March 2022
- Kakosimos K.E. "Thermodynamics, the Driving Force in Chemical Engineering Processes", Constantin Caratheodory Symposium on Thermodynamics, Thessaloniki, July 2023
